CAREER LEVEL REQUIREMENT

Experienced

KPMG

Known for being a great place to work and build a career, KPMG provides audit, tax and advisory services for organizations in today's most important industries. Our growth is driven by delivering real results for our clients. It's also enabled by our culture, which encourages individual development, embraces an inclusive environment, rewards innovative excellence and supports our communities. With qualities like those, it's no wonder we're consistently ranked among the best companies to work for by Fortune Magazine, Consulting Magazine, Seramount, Fair360 and others. If you're as passionate about your future as we are, join our team.

KPMG is currently seeking a Manager, AI Initiatives and Adoption to join our Legal, Regulatory and Compliance organization.

Responsibilities:

- Direct the implementation, and adoption of AI-based solutions, as well as monitor usage to continuously improve solution effectiveness, and user experience

- Lead the development and implementation of AI agents to automate tasks such as research, case triage, document review, and compliance tracking

- Collaborate with stakeholders to identify high-impact AI use cases across Legal, Regulatory and Compliance (LRMC) functions

- Involves establishing AI architecture and reviewing complex tasks or processes for automation; maintain LRMC prompt library, and continuously improve prompt effectiveness based on user feedback, as well as evolving needs

- Serve as the primary point of contact for LRMC professionals using AI tools by providing training and documentation, as well as troubleshooting support

- Act with integrity, professionalism, and personal responsibility to uphold KPMG's respectful and courteous work environment

KPMG

implementation following SDLC, legal operations, risk management, compliance, and/or business process automation; minimum one year of demonstrable recent experience with prompt engineering, AI governance, technology evaluation, and selection

- Bachelor's degree from an accredited college or university in computer science, engineering, data science or a related field is required; advanced degree from an accredited college or university preferred

- Experience working with non-technical stakeholders to understand their requirements, demonstrate solutions, and provide support; ability to present intricate topics and proposals in easily understandable non-technical form

- Strong understanding of AI technologies (such as Large Language Models, Natural Language Processing, Machine Learning pipelines) and their application in legal, risk management and compliance contexts; familiarity with tools like Notebook LM, Agentspace, Microsoft Copilot, or similar platforms is preferred

- Must be authorized to work in the U.S. without the need for employment-based visa sponsorship now or in the future. KPMG LLP will not sponsor applicants for U.S. work visa status for this opportunity (no sponsorship is available for H-1B, L-1, TN, O-1, E-3, H-1B1, F-1, J-1, OPT, CPT or any other employment-based visa)

KPMG LLP and its affiliates and subsidiaries ("KPMG") complies with all local/state regulations regarding displaying salary ranges. If required, the ranges displayed below or via the URL below are specifically for those potential hires who will work in the location(s) listed. Any offered salary is determined based on relevant factors such as applicant's skills, job responsibilities, prior relevant experience, certain degrees and certifications and market considerations. In addition, KPMG is proud to offer a comprehensive, competitive benefits package, with options designed to help you make the best decisions for yourself, your family, and your lifestyle. Available benefits are based on eligibility. Our Total Rewards package includes a variety of medical and dental plans, vision coverage, disability and life insurance, 401(k) plans, and a robust suite of personal well-being benefits to support your mental health. Depending on job classification, standard work hours, and years of service,

year end and the other is around the July 4th holiday. Additional details about our benefits can be found towards the bottom of our KPMG US Careers site at Benefits & How We Work.
